## Academic Excellence

DPS offers a rigorous and well-structured academic programme that nurtures curiosity, critical thinking, and lifelong learning. Students at the Senior Secondary level can choose from Science (Medical & Non-Medical), Commerce, and Humanities, enabling them to pursue their interests and career aspirations with confidence.

## Teaching Methodology

- Concept-based, interactive learning (no rote learning)
- Experienced and dedicated faculty
- Continuous assessment and mentoring
- Proctorial and remedial support for academic confidence
- Interactive Smart Classroom Learning
- Teachers Mentoring Students for Academic Excellence

beyond chalk  
learning the smart way

Cutting-edge technology enhancing teaching methodologies through interactive and dynamic visual aids.

## 21st Century Integrated Curriculum

Our curriculum is carefully designed to address diverse learning styles and multiple intelligences. Through experiential and activity-based learning, students develop higher-order thinking skills and real-world application of knowledge.

Experiential Learning for  
Holistic Development
